ADDENDUM – ADDITIONAL INFORMATION REQUIRED

Information to be submitted in case of application for registration of captive breeding operation and commercial exhibition facilities that keep animals:

(a) Details of the number and age (if known or appropriate) of males and females that comprise the parental breeding stock.

(b) Evidence of legal acquisition.

(c) Current stock (numbers, by sex and age of progeny held in addition to parental breeding stock above).

(d) Information on the percentage mortalities and, where possible, on the percentage mortalities in the different age groups and between males and females.

(e) Past, current and expected annual production of offspring and, where possible, information on the number of females producing offspring each year.

(f) An assessment of the anticipated need for, and source of, additional specimens to augment the breeding stock to increase the genetic pool of the captive population in order to avoid deleterious inbreeding.

(g) Detailed description of the marking methods used for the breeding stock and offspring.

(h) Description of the strategies used by the breeding operation, or other activities, that contribute to improving the conservation status of wild populations of the species.

(i) Description and schematic diagram of the facilities to house the current and expected stock.

(j) Security measures to prevent escapes and/or thefts.

(k) Number and size of breeding, rearing enclosures and egg incubation (as appropriate).

(l) Food production or supply.

(m) Removal of waste.

(n) Availability of veterinary services

Information to be submitted in case of application for registration of sanctuary and rehabilitation facility:

(a) Description and schematic diagram of the facilities to house the current and expected stock.

(b) Security measures to prevent escapes and/or thefts.

(c) Number and size of breeding, rearing enclosures and egg incubation (as appropriate).

(d) Food production or supply.

(e) Removal of waste.

(f) Availability of veterinary services.

(g) Measures taken to prevent breeding in sanctuaries.

Information to be submitted in case of application for registration of a nursery:

(a) Description of the facilities and the propagation techniques.

(b) Description of the historical background of the nursery, in particular information on which species or plant groups have been propagated in the past.

(c) Taxa currently in propagation (only relevant listed threatened or protected species).

(d) Description of the (listed threatened or protected species) parental stock of wild origin, including quantities and evidence of legal acquisition.

(e) Mother plants must be micro-chipped, photos taken thereof and submitted.

Information to be submitted in case of application for registered wildlife trader:

(a) Evidence of legal acquisition.

(b) Current and anticipated stock to be kept.

(c) Past, current and anticipated turnover of stock.

(d) Information relating to record keeping.

(e) Security measures to prevent thefts.
